OFFICE OF THE TOWNSHIP ENGINEER

## Case Road Improvements June 9, 2017

### Letter to Residents Case Road & Acorn Drive

Dear Resident,

Please be advised the Township of Branchburg has awarded a contract for the road milling and paving of Case Road from Old York Road to South Branch Road. This work is anticipated to commence "On or About June 19<sup>th</sup>, 2017", weather and scheduling permitting.

The road construction will be divided into three (3) sections so access to Case Road will change as each section is completed. Vehicular access to your property will be inaccessible during this process. You shall be notified in advance to the section of road to be closed. The road will be fully open by the end of each day.

During the milling and paving operation some driveway aprons may need to be modified to meet the new pavement, **if and where necessary**. The driveways will be done at the same time as the milling and paving process during each section. Any driveways to be modified will not exceed the Right of Way limits, usually no more than 4' – 8' feet from the edge of pavement. Please refrain from placing any leaves or debris at the road edge so it does not interfere with the work.

To receive email notifications of this project and other road improvement projects, please register at the Township's website. You can register to receive these updates by going to [www.branchburg.nj.us](http://www.branchburg.nj.us) and by hitting the words "Email Alert" directly under the Township seal. Within the GovDelivery system, you need to toggle "Road and Bridge Closing and Construction Announcements", under the "News and General Information" heading.

If you should have any questions do not hesitate to contact me at the Engineering Department at (908)526-1300 ext. 142. Your anticipated cooperation is greatly appreciated.

Sincerely,

Douglas Ball, P.E.  
Township Engineer
